Small News From the Garden City.

The following special from St. Louis is of great interest to the people of Provo:

St. Louis, Feb. 2.—Hamilton Browns, one of the leading stockholders of the Mason City & Fort Dodge railway, says he has no doubt that the road will either be leased or sold to the Winons & bouthwestern, but as yet neither has been done. This practically confirms the recent statement that this section is to be traversed by a great transcontinental due, controlled by the Lackswanna system. Sloux City and Denver are to be connected by the Pueblo & Duluth, and the gap between Denver and Provo City will be filled in right away. This will make a complete line from New York to San Francisco. The Mason Lity & Fort Dodge will take it sloux City, the Pueblo & Duluth to Denver, Lakswood & Golden to Provo and the San Francisco Short Line to the coast.
